SURFORMA®

Shaping Spaces

SURFORMA® is a fresh, dynamic brand that works in an integrated way with concept, production and communication. The brand assumes the surface and the form as fundamental pillars for its development, always having as reference the design.

The designation “SURFORMA®” arose from the premises that the brand advocates for its own identity: a trustworthy, professional and specialized brand, dedicated to the production of laminates and compacts applied to furniture, construction and interior design projects.

The name SURFORMA® is a derivation of the terms **Surface** + **Forma** (Shape), which refers to the brand’s main goal: to provide materials with different shapes, bearing in mind the internal flexibility of the brand.

The brand’s signature, “Shaping Spaces”, refers to the construction of an aspiration and sense of constant improvement, in order to create spaces aesthetically appealing and sophisticated.

SURFORMA® laminates create unique bold environments, while combining quality, versatility and exclusivity.

SURFORMA®'s products allow its clients endless possibilities and combinations, by adding and mixing different textures, colors and finishes.
